

California Republican Party  
Statement of Purpose

The Republican Party is fighting to keep California families safe from those who seek to harm us. The Republican Party is working to restore our state as the leader in economic growth and job creation by cutting taxes and eliminating red tape.

The California Republican Party recognizes that the cost of living is harming Californians' ability to provide a good life for their families. We seek to make the American Dream in California affordable once again.

We believe in democracy, freedom, and the power of the American people, not a few powerful politicians. California should be a state where residents feel safe to run their businesses and raise their families.

Being a Republican means you believe in a future where good jobs are plentiful, streets are safe from crime, our country is protected from terrorism, and every child has access to world class teachers and schools.

Republicans believe in teachers, not politicians. Voting Republican helps California build an education system that puts children first.

Our doors are open to you and we hope you will make the decision today to protect, improve, and build California by joining the California Republican Party. Visit us at [www.cagop.org](http://www.cagop.org) to learn more.
